

## **Civil Society Dialogue Network Funding Instruments Meeting**

### **Support to in-country CSO capacity building and initiatives in conflict prevention and peacebuilding**

**Wednesday 4 October 2017 (13.30-17.00)**

**Scotland House Conference Centre  
Rond-Point Robert Schuman / Robert Schumanplein 6, 1040 Brussels**

## **CONCEPT NOTE**

### **Background**

Since 2007, the European Commission (EC) has been providing financial support to civil society actors in conflict-affected countries through, *inter alia*, the 'Conflict prevention, peace-building and crisis preparedness' (Article 4) component of the Instrument contributing to Stability and Peace (IcSP) and its predecessor the Instrument for Stability (IfS).

The EC's Service for Foreign Policy Instruments (FPI), which manages part of this support, is interested to hear from international non-governmental organisations (INGOs) about their experiences of applying for and managing various donors' support for in-country civil society organisation (CSO) capacity building and initiatives in peacebuilding and conflict prevention, and to receive recommendations for future EU support.

In this context, the EC has asked the European Peacebuilding Liaison Office (EPLO) to organise a small-scale dialogue meeting specifically dedicated to this topic in addition to the annual meetings which it organises on IcSP programming.<sup>1</sup>

### **Objective**

The overall objective of this meeting is to gather INGOs' assessments of previous and ongoing donor support for in-country CSO capacity building and initiatives in peacebuilding and conflict prevention, and their recommendations for future EU support in this sector.

### **Participants**

The meeting will bring together 20-25 participants, including INGO representatives and officials from the EC.

### **Format**

A half-day meeting consisting of two sessions. In both sessions, introductory comments from an EC official will be followed by a facilitated discussion in which all participants will be encouraged to participate.

#### **Civil Society Dialogue Network**

The Civil Society Dialogue Network (CSDN) is a mechanism for dialogue between civil society and EU policy-makers on issues related to peace and conflict. It is co-financed by the European Union (Instrument contributing to Stability and Peace). It is managed by the European Peacebuilding Liaison Office (EPLO), a civil society network, in co-operation with the European Commission (EC) and the European External Action Service (EEAS). The third phase of the CSDN will last from 2017 to 2020. For more information, please visit the [EPLO website](#).
