

## **Civil Society Dialogue Network Policy Meeting**

# **The 2015 Review of the European Neighbourhood Policy: A peacebuilding perspective**

**10 June 2015 (13:00 - 17:00)**

**Scotland House, Rond-point Robert Schuman 6, 1040 Brussels**

### **Background**

Ten years after its creation, the ENP is undergoing its second review, for which the EEAS and the EC are conducting a consultation based on the EU's Joint Consultation Paper entitled [Towards a new European Neighbourhood Policy](#)

Many of the EU's neighbouring countries are at risk of or affected by conflict (Libya, Syria, Israel/Palestine), including acute crises (Ukraine) and so-called protracted and frozen conflicts (Moldova, South Caucasus). This stocktaking exercise provides a timely opportunity to assess the impact of the ENP since the last review in 2011, and to implement reforms aimed at strengthening the EU's efforts to foster stability, build peace and prevent violent conflict in the Neighbourhood.

### **Objectives**

The purpose of this meeting is to provide an opportunity for civil society organisations to share their analysis of and recommendations on issues relating to the EU's support for peacebuilding and conflict prevention in its neighbouring countries. It is envisaged that the outcomes of the meeting will contribute to the overall review of the ENP.

The specific objectives are:

- To assess the implementation of the ENP since the last review in 2011 and its contribution to fostering prosperity, security and stability in the European Neighbourhood;
- To provide recommendations for the objectives and scope of a future ENP.

### **Participants**

The meeting will bring together 20-30 participants, including representatives of civil society peacebuilding organisations working in the European Neighbourhood, and officials from both the EC and the EEAS.

Other interested parties, including representatives from the European Parliament (EP), academics and other experts may also be invited to participate.

### **Format**

The meeting will consist of two sessions. Initial presentations from speakers will be followed by an open discussion in which all participants will be encouraged to engage.

### Civil Society Dialogue Network

The Civil Society Dialogue Network (CSDN) is a mechanism for dialogue between civil society and EU policy-makers on issues related to peace and conflict. It is co-financed by the European Union (Instrument for Stability). It is managed by the European Peacebuilding Liaison Office (EPLO), a civil society network, in co-operation with the European Commission (EC) and the European External Action Service (EEAS). The second phase of the CSDN will last from 2014 to 2016. For more information, please visit the [EPLO website](#).
