### **Training Seminar: Peace and conflict analysis for EU officials**

10 July 2018 (12:00 – 16:30)  
Scotland House, Rond-point Robert Schuman 6, 1040 Brussels

#### **CONCEPT NOTE**

The **European Peacebuilding Liaison Office** (EPLO) is the independent civil society platform of European NGOs, NGO networks and think tanks which are committed to peacebuilding and the prevention of violent conflict. The **Civil Society Dialogue Network** (CSDN) is a mechanism for dialogue between civil society and EU policymakers on issues related to peace and conflict. It is co-financed by the EU and EPLO, and managed by EPLO in cooperation with the Commission and the EEAS.

At the request of the EEAS, EPLO will organise an afternoon training seminar entitled **Peace and conflict analysis for EU officials**, tailored to the EU policymaking context. The seminar will cover concepts of conflict prevention, peacebuilding, conflict sensitivity and human security, and how they link to gender-sensitive conflict analysis methodologies.

The interactive seminar will take place under the Chatham House Rule<sup>1</sup> and will look at (1) what makes peace and conflict analysis an integral part of engagement in conflict-affected and fragile environments and (2) how it applies to the day-to-day processes in EU institutions and services.

The seminar is designed to support the work of the members of the informal network of Conflict Prevention Lead Persons (CPLP) across the EU institutions and services.

**General Learning Objective:** To increase understanding of how conflict analysis can contribute to the day-to-day work of EU policymakers working on fragile or conflict-affected contexts.

#### *Specific Seminar Objectives:*

- ➔ Recognise the analysis / assessment of conflict as a practical step in EU decision-making on conflict prevention and peace, not just as an information product.
- ➔ Become familiar with the key components of a thorough analysis / assessment process and the necessity of gender as a lens on conflict dynamics.
- ➔ Connect the components of analysis / assessment with EU policy processes and terminology.
